1. On 29 December a cargo train loaded with military supplies and food, proceeding south from Mukden, hit a mine about 80 kilometers from Chinchou. Three cars were damaged and more than ten train guards were killed or wounded. Immediately after the incident, troops from the Suichung (120-19, 40-21) Station went to the scene and searched the neighboring villages. They found nothing but arrested more than 40 villagers for questioning.
2. The roadbed was damaged considerably. Engineers of the railway administration spent two days repairing the track before train service between Mukden and Shan-haikuan (119-44, 40-00) was resumed.
